**Location:** McCormick Place  
2301 S Martin Luther King Dr.  
Chicago, IL 60616  
USA

**Website:** [www.automateshow.com](http://www.automateshow.com)

**About Automate:** Automate is the largest solutions-based showcase of automation in North America, featuring robotics, vision, motion control, and industrial artificial intelligence technologies. The trade show and conference is produced by the Association for Advancing Automation.

**About A3:** The Association for Advancing Automation (A3) is the leading global advocate for the benefits of automating. A3 promotes automation technologies and ideas that transform the way business is done. Members of A3 represent nearly 1,200 automation manufacturers, component suppliers, system integrators, end users, academic institutions, research groups and consulting firms from throughout the world that drive automation forward.

**Trade Show:** The Automate trade show is a showcase of the latest in robotics, vision, artificial intelligence, motion control and more. Attendees can move through over 365,000 square feet of floor space, attend exciting keynotes and useful sessions at The Automate Theater and network with thousands of other attendees at special events.

**Conference:** The Automate conference is for both those who are new to automation and those looking for more technical training. With four full days of sessions, the conference allows attendees to learn from accomplished automation professionals and gain practical knowledge they can put into practice right away at their companies.

**Quick Facts:**

**800+** exhibitors  
**30,000+** registrants  
**95+** countries  
**365,000+** square feet
